

# Pine Double Bookshelf Headboard Attached to Top of Legs

In some cases depending on the height of the legs and the bed you selected the Double Bookshelf Headboard is a separate unit that is attached to the top of the legs.

Attach the 2x4x5½" Shelf Supports to the Side Posts 1-3/4" from the bottom using 2½" screws. The 2x4x5½" Shelf Support will extend below the Shelf Sides by 1-3/4" which will be used to attach to the loft legs later on. Attach the 2x2x5½" Shelf Supports to the Side Posts 3-1/2" from the top using 2½" screws. Attach the Shelf Side Posts to the top of the legs with 2½" screws. Attach the bottom shelf to the supports with 1-5/8" screws. Attach the top shelf to the supports with 1-5/8" screws. Attach the Backboards following the above diagram. **Please note that the backboard is required to support the shelf.**

## Loft & Bunk Double Bookshelf Parts List

(2) Shelves	(2) Side Posts 2x6x15" - 18"	(2) Shelf Supports 2x4x5½"
(2) Shelf Supports 2x2x5½"	(2) Backboards	Screws: 1-1/4", 1-5/8", 2½" Screws

Please Note: If you ordered taller legs and have a shorter ceiling we will make the Side Posts shorter to fit your ceiling height. When this occurs you will need to place one shelf below the 2x4x5-1/2" support. If you have safety rails the shelf will go in-between the safety rails.
