

## Play Loft Safety Rail Assembly Instructions

The above photo shows the Play Loft with the optional Round Top Legs and optional Angled Front Ladder.

The Play Loft comes with 5 sets of safety rails which are spaced 3-1/2" apart. If you have standard Square Top legs the safety rails start at the top of the legs. If you have the Round Top legs start the safety rails 2" below the top of the legs as shown in the above photo. Install the safety rails with 1-5/8" screws.

The safety rails on the front (long side) and back are installed on the inside of the legs.

The safety rails at the (short) ends are installed on the outside of the legs.
